Product highlights

40 mm speaker driver
The 40 mm speaker driver is made of a composite mylar material for a highly sensitive yet powerful element that delivers sound without audible distortion.

3 way adjustable ear shells
Enjoy a comfortable fit and experience better bass performance thanks to the 3 way adjustable ear shells that fit naturally around your ears.

Automatic tuning
Pressing the handy tuning button on the headphone sets the microprocessor-controlled circuit going to optimally tune the transmission frequency for the best possible reception and superb audio quality.

Bass boost
An easy to locate control on the headphone allows you to boost the bass performance with just one touch.

Energising docking station
The docking station is the most convenient way to store your receiver when not in use. At the same time, it will recharge your reciever unit and have it ready for use at any moment.

Ergonomic design ear cushions
The ergonomic 3 dimensional ear cushion shape evenly distributes the load for a better and more comfortable fit.

FM Wireless transmission
With high frequency FM wireless transmission, which can even pass through walls, you can even listen to your music when you're in another room.

Soft ear and headband cushions
The durable and soft materials used for the ear cushions and headband cushion ensure comfortable prolonged use.

Treble Boost
An easy to locate control on the headphones allows you to boost the treble performance with just one touch.
